## Joint Cruise with Jaguar Club Review by Joe and Linda Zimlik

**O**n June 1st in the afternoon, the West Penn Miata Club joined the Jaguar Club at Sheetz on E Hardee's Rd for our adventure. There were 22 cars. Quite an ambitious endeavor to keep 22 cars together. Our leader Stu did a great job

We started off on our sporty cruise, and Stu must have found every twisty, curvy road in North Hills. It was quite a Miata cruise. After cruising for a few hours, we headed to Brick & Barrel Cross Keys restaurant to partake in lively discussions and some good food. We had the top floor of restaurant to ourselves with individual rooms so we went room to room to socialize. We ended the day with a trip to Churns Ice Cream and had some social conversation. It was a very nice day with great roads. We made new friends and hope to join up again next year. Thanks Stu.

## Gilded Age Cruise Review

by Natasha Franz

**J**une 7th had a beautiful morning in store for the GILDED AGE cruise to the lush 10 acre home of the Frick Mansion & Carriage Museum. It included us having a delicious lunch at the Cafe onsite and a drive to a quaint street to find a cool sweet treat at Millie's Homemade ice cream.

This well planned excursion took the Miata adventurers to experience Pittsburgh and its history of steel and the gilded age. Our tour started with an extremely knowledgeable guide telling us the story of Henry Clay Frick. The tale was told as we weaved through the house of customs, fashion, architecture and the history of how Henry Frick built the steel industry with coke. Brought to life was the story of a hard edge ruthless steel man, the steel worker strikes, and the Pinkertons all interwoven with Henry's family life and the tragic death of his beloved daughter Martha.

# THE FUN 'N' THE SUN TIMES

The Carriage house was a grand display of vehicles from the time period and the advance in the auto industry. There were many cars built in Butler, PA during that time. It was interesting to learn there was no standardization for left or right side driving.

The cafe had both wonderful food and attentive staff. It was a much enjoyed meal followed by an ice cream stop at a mystery location that was Millie's Ice cream. The Millie's franchise was created by the passion of a renowned chef named Chad Townsend who was ready for a change. He bought a very expensive Swiss-made appliance called a Paco-Jet that micro-purees deep frozen foods to make ice creams and sorbets thus creating his dream. If you get to the south side of PA, this is a must in places to stop and cool off. Thank you Jim Blok for planning this fun filled day!

Ultimately, it was time to leave, with our lumps of coal in hand, we zoomed our way to nearby Villa Ballanca Italian restaurant for a delicious lunch, then just down the road to Glen's Frozen Custard before wrapping up a wonderful and educational day!!

## Review of Swigart Museum Cruise by Lynda Mistick

Ten Miatas left the Sheetz in Ebensburg, PA at 9:45am on Saturday, June 28th. We followed Dave and Luanne Kopco on an awesome cruise over rolling hills and through beautiful countryside. We encountered fog and rain sprinkles and enjoyed every moment. The PACE club was waiting for us at Top's Diner in Huntingdon, PA - What an extensive menu and huge portions.

The Swigart Antique Car Museum was just down the street. A very unassuming building, we were not sure what to expect. Our private tour guide, Linda, was very informative, fun and personable and a new Miata fan to boot! The museum had 30 - 35 mint condition vehicles on display along with a collection of license plates, badges and bicycles, a Herbie the Love Bug, a Tucker, a Duesenberg that was almost bought by Jay Leno (Mr. Swigart, Jr. outbid him!!) and their newest addition, a red NB Miata. We even met the widow of the original Mr. Swigart's son. She runs the museum now.

The cruise ended with ice cream treats for all at The Meadows about 5 minutes away. As this was only our second West Penn Miata Club cruise, we are still trying to match names with faces and cars but we had a great day enjoying our Miata with other enthusiasts.

## Tour-Ed Mine Cruise Review By Dave Grundler

With clear skies and a 90 degree forecast, nine Miatas zoomed out of Giant Eagle's parking lot, led by Vickie and navigator Linda. Our thanks to them both for keeping us in the shade and on many back country "Miata" roads!

Upon arriving at the mine, well-seasoned coal miners gave an excellent history lesson and explained the hardships and dangers that early miners faced every day. We then donned hardhats, climbed into the rail car (making us appreciate the comforts of our Miatas!), and descended 1/2 mile into the earth and a comfortable 55 degrees. Once below, we witnessed how miners of the 1800's hand drilled, picked, and dynamited the coal by candlelight, then shoveled it into carts pulled by donkeys (until a donkey ate the dynamite,,, then explosive di...rhea ??). We then saw (and heard and felt) how electricity and machinery revolutionized the industry from the 1800s to the present.

Above ground again, we stepped into an 1800s miners' cabin to watch a short film on the life and vision of Ira Wood, the final mine owner and founder of the museum, then walked back in time through the museum filled with many americana and mining artifacts.

## 2025 CRUISIN & ZOOMIN SEASON

BY LINDA ZIMLIKI

Before I moved to Pittsburgh, I never needed to use the parking brake while driving as the roads were all flat and level. Now I use it all the time to avoid burning the clutch and/or rolling backwards when I want to get moving.

**I**t is the heart of our cruisin season. July seems to be PVGP month. Pitt Race is this Saturday and the West Penn Miata Club will be there. Check this newsletter for details. We will have a tent and ask everybody that comes to bring a dish to share. It should be a nice day. The Schenley Park Race is July 19 & 20 with the spotlight car this year being the Miata. We have an Auto Show being judged by Mazda Reps with 1st place awards for NA,NB,NC & ND. We will display some M-Edition Miatas, Special Editions, and a 35th Anniversary MX-5. Check the article in the newsletter for details.

We have a lot great cruises coming up later this year. Hope to see you at one of them.

## Miata Musings: The Parking Brake is your Friend

By Joel Starr, President

**S**outhwestern Pennsylvania is a wonderful place for cruising in your Miata: the curvy roads, the hills and all the neat places to visit. One challenge, when driving a stick, is when you stop at a light on a steep grade (pointing up a hill) and someone stops behind too close for comfort.

**T**o avoid rolling backwards when you take your foot off the brake, use your parking brake. Put your car in gear with your left foot depressing the clutch and your right foot on the brake. Then engage the parking brake before you take your right foot off the brake. As you slowly depress the accelerator and release the clutch, gradually release the parking brake.
